PASSAIC, N. J., December 1.—(By the United Press)—The body of an unidentified 19-year-old girl, believed to have been strangled to death, was found today near the hot houses of the Julius Roehrs nursery at Wallingford. Martin Pollack, employed at the nursery, discovered the body. Police Chief John Hartfield, of Wallingford, questioned the owner of the nursery who told him that at about ten o'clock last night he heard what he thought were three shots, followed by sounds like the cry of a child. Examination of the body showed that besides being strangled and choked to death, the girl had her jaw broken. Her hair and wig were found about six feet from the body. The false hair gave rise to the theory that she may have been lured by a man disguised as a woman. County Prosecutor Hart sent two men with a physician to investigate.

## Fourth Bandit Captured In Cleveland

COLUMBUS, O., December 1.—(By the Associated Press)—The capture at Cleveland yesterday of the fourth member of the bandit gang who on Tuesday killed Patrolman Graison Koehler and wounded Corporal Roscoe E. Fiddle in a gun battle here, was expected to make it possible for the Franklin county grand jury meeting here today to consider the cases of all three of the bandits remaining alive. The fourth member of the gang, identified as Peter Long, of Erie, Penna., was killed during the battle.

The grand jury which convened on Wednesday, had started consideration of the case of Loomie Cummings, one of the two bandits captured on Tuesday and this will be continued here today. The man captured in Cleveland who gave his name as Frank W. Willis, was expected to be arraigned on a murder charge today and the jury will take up his case immediately should he be found over.

The third member of the gang who was captured is James Martin, alias "Slim" Brady. He lies in a local hospital suffering from a wound in the head inflicted by a bullet from his own gun fired when he was about to be captured by a posse. He will be arraigned, officials announced as soon as his condition permits.

With Willis, who was found in a residence in Cleveland, was captured a woman who said she had come from Sharon, Pennsylvania. She told police, she said, that Willis had left home on Monday and returned Wednesday night, telling her that he had been in a gun battle at Columbus. The driver of the stolen automobile in which the gunmen came to Columbus, identified Willis as one of a band of men who held him up in Cleveland and took his machine, and a Columbus official also said he recognized him as a man he had seen while a member of the posse chasing the men near West Jefferson.

In addition to Willis and the woman taken with him, Cleveland police arrested the wife of Loomie Cummings and held her for questioning.

Should the grand jury return true bill against the men, they will be taken before common pleas court for trial probably next week, it was said.

## Representative James R. Mann Succumbs To Pneumonia; Considered "Giant Of House"

WASHINGTON, Dec. 1.—Death last night ended the legislative career of Representative James R. Mann of the second Illinois district, long rated as a giant of the house.

Returning here two weeks ago for the opening of the special session of congress, Mr. Mann, who had served his people for upwards of a quarter of a century, took part in the preliminary work of the house. A week ago, however, he was forced to stay at home because of a cold which he failed to shake off. His condition at first was not regarded as serious and it was not until yesterday afternoon after pneumonia had developed that he became alarming.

Early in the evening he rallied, but there was a change for the worse as the night wore on. Shortly before midnight with his wife and his physicians at his bedside, the veteran of many a congressional battle died peacefully.

News of Mr. Mann's death was a shock to the house, for few of his most intimate friends knew of his illness, beyond the statement that he had been confined to his home by a cold. On the eve of the house vote Wednesday on the shipping bill, Mr. Mann wanted to get out of bed and go there to be counted on his side. He was told to stay at home as there were votes enough in sight and he would be paired. But his thoughts were constantly on the work of the house, where his record of service through thirteen consecutive terms, or 26 years, had earned for him the reputation among friend and foe of the best informed man on the details of government that ever sat in either branch of congress. He was sent back for a fourteenth term by the people of his district in the election last month.

Minority leader in the house during the eight years of Democratic control, Representative Mann saw the speakership go to Gillette of Massachusetts, when his party again came into power, then, but if the failure of his party to caucus to select him as speaker left any tinge of bitterness with the veteran member, his friends never saw an indication of it.

Funeral arrangements had not been concluded at an early hour today, but it was understood that services would be held at the late representative's home in Chicago, and that Mr. Mann would be buried beside his son there who died four years ago.

MEXICO CITY, Dec. 1.—(By the United Press)—Not since the tragic ten days of 1913 has Mexico City presented such a bloody aspect as dawn revealed this morning after a night of sanguinary rioting. Estimate of the dead ranged as low as twelve and as high as thirty. There was no way of telling accurately, as many of the dead had been borne away by friends and many of the wounded will die. In 1913, during the "tragic ten days" the fighting was between groups of men striving for power. Last night's battle was between a horde of three-crazed peasants, goaded to frenzy because the city's water supply had failed, and soldiers who stood between the mob and the municipal palace. The results were the same—buzzing bullets, groans, wails, flames and blood.

Early in the evening the throng formed. The people were angry. Agitators mounted soap boxes and denounced municipal officials for permitting the water plant to be flooded, which resulted in putting the city on rations—water for one hour daily.

"Take over the government and run it yourselves," the speakers told the crowd. Demand the resignation of the city officials. Seize the city hall," they were told.

The municipal palace was dark and ominously silent when the rioters marched into the enclosure. They yelled and yelled "Agua" (water) demanding the resignation of Dr. Alonzo Romero, the municipal president. Soldiers and police began trying to disperse them.

"Rush the building," cried one of the agitators. "Capture the municipal palace."

The people closely packed in the square and forced forward by pressure of those behind them, hesitated a moment. Then one started running toward the building. With a yell the mob charged, fists and clubs upraised, men and women racing side by side. A ripple of rifle fired came from the palace. Then yellow fingers stabbed at the crowd as the machine guns started their purr of death.

From that moment, the historic vocally became a bloody battle field. The deadly rattle of the bullets was in the air. Men and women fell and were trampled as the crowd hurried back from the portals of the government building, was seized with panic as they attempted to escape from the trap.

Troops Guard Building

MEXICO CITY, December 1.—(By the Associated Press)—Federal troops guarded a badly battered municipal building today while the city counted the casualties of a pitched battle between the police and a mob which attempted to storm the building last night. The death list as a result of the fighting, stood at seventeen early today, while eighteen persons are known to have been seriously injured and 33 slightly hurt. It was thought that a closer check might reveal further casualties. The city, after a night of wild excitement, found its main plaza before the municipal building a shambles of broken glass, timbers and stones—evidence of the anger of the mob which forced its way into the building half an hour after the police rifles had taken their toll. The trouble, which lasted for more than six hours, started when a crowd marched to the city hall to protest against the aldermen who are held responsible for conditions leading to the water famine. The demonstration was intended by the labor unions that organized it as a peaceful protest and several hundred persons paraded the downtown streets before proceeding to the hall. These protesters were reinforced along the route and when the municipal building was reached the crowd numbered more than 2,000 persons.

Yelling invectives against the aldermen, the mob gave emphasis to its words by hurling stones and other missiles. When one leader suggested that the hall be entered, the demonstrators made a concerted rush forward. The police guards met their advance by firing their rifles over the heads of the crowd which, however, did not check its course. When it became apparent that the mob would enter the building despite the police, the latter aimed their rifles point blank and fired with deadly effect. Staggered by the bullets, the demonstrators retired, carrying with them their dead and injured.

## Fire The Building

But in half an hour they returned and several of their number, breaking windows, entered the hall and began to set fire to its contents. Valuable documents, some of which dated back several centuries, were tossed into the streets and the city records were given to the winds.

By this time the federal troops had arrived but the rioters were not ejected before the building had been fired in many places and the furniture wrecked. A line of hose, which the fire department was able to bring into play despite the water shortage, was successful in holding back the crowds outside.

## Moltke Fired By Wilhelm's New Bride

DOORN, HOLLAND, December 1.—(By the Associated Press)—The first change in the Kaiser's household since Princess Hermine took over the reins is the departure of Count Von Moltke, the court marshal. The new "Empress" has signified her intention of instituting a regime which will be directly opposed to the policies of Von Moltke.

The dispute between Princess Hermine and the retiring marshal is said to have arisen over the question of whether the Kaiser should confine himself to Doorn Castle. The former emperor's bride favored more freedom of movement for her husband, but this was contrary to the wishes of Von Moltke, who is regarded as responsible for the virtual imprisonment of Wilhelm.

Princess Hermine and her young daughter take daily walks outside the castle grounds and she has appeared several times in the town of Doorn. The Kaiser has been frequently seen with her in parts of the grounds and it is expected that she will soon prevail upon him to accompany her to the town.

Another change in the household regime that is probably traceable to Princess Hermine's influence, is the prospective departure of Dr. Haeckner, the court physician, who soon leaves the castle to take up his private practice in Amsterdam.

The new mistress of Doorn Castle chairs freely with all sorts of people during her daily walks and is evidently desirous of making friends. She is already gaining popularity among the townspeople of Doorn.

## Seeking Employment

YOUNGSTOWN, O., Dec. 1.—About 1,500 negroes from the South have come to Youngstown in recent months to get employment in the steel mills, according to figures obtained from plant offices and employment agencies today. Camps for the negro workers have been established by some of the mills, which have overcome last summer's shortage of common labor.

## TO OBSERVE "DOLLAR DAY" DECEMBER 9

The Christian Herald of November 25th contained the following explanatory article on "Dollar Day" which will be observed throughout the United States on December 9th:

"More than sixty years ago, the Woman's Union Missionary Society was organized by a group of Christian women to carry a message of hope to their sisters in Asia. Ten years later, in the great denominational synods, societies were organized. These societies now have millions of interested and devoted members, who have established thousands of schools, from primary grade up to high school, through the hundreds of missionary teachers they have sent to the Orient. They have built hospitals, and trained nurses and set up little wayside dispensaries—and above all, they have carried the Gospel with them!"

Now, these women of America are engaged in the greatest task they have ever undertaken—the completion of seven wonderful schools in Japan, China and India, under the general name of the Union Christian Colleges for the women of the Orient. They include the Women's Christian College at Tokyo, Ginling College at Nanking, Woman's Union Medical College and Yenching College at Peking, Woman's Christian College at Madras, Union Missionary Medical School for Women at Vellore and the Isabella Thoburn College at Lucknow. The sum needed to complete this great program is \$3,000,000. The Laura Spellman Rockwell Memorial Fund has pledged \$1 for each \$2 contributed. The women have raised \$1,000,000 to which the Rockefeller Fund had added \$500,000. The second million must be raised by January 1 to obtain the remainder of the conditional gift. To concentrate this effort to complete the amount needed December 9 has been set apart as "Dollar Day" when all the members of the Women's Missionary Societies in the country are requested to solicit one dollar contributions.

The Christian Herald believes this is a wonderful opportunity for the American people to express concretely their interest in the emancipation of the women of the Orient and to aid beyond measure the cause of international friendship."

Of the ten or twelve applicants who took the examination, the following were recommended as the first three, their standing being in the order named—W. H. Harsha, Frank W. Moulton and Gilbert D. Dicks. The rating of other applicants is not made public.

It is understood that Congressman Kearns, to whom the list has been referred, for a recommendation, has taken the matter up with the local Republican organization, and the dominating committee of the party will meet soon to consider the matter.

It seems to be generally conceded that the fight lies between Harsha and Dicks, so far as the committee is concerned, with the chances that Harsha will ultimately get the majority of the committee.

The situation has been complicated somewhat lately by the candidacy of Sampson Eckhart, former county auditor, for the position of deputy postmaster, made vacant by the death of David E. Thomas. Eckhart was at one time a clerk in the post office. Much opposition has developed to his candidacy, chiefly from present employees of the department, who are in line for promotion. It is not expected, however, that the department will permit an outsider to be named, but Mr. Eckhart's friends are not letting any grass grow under their feet in the effort to land him in a snug life-time berth.

## Allies Fine German Cities

PARIS, December 1.—(By the Associated Press)—The allied governments have sent a note to Berlin notifying the German government of the imposition of fines of 500,000 gold marks each against the cities of Langsdorf and Passau, Bavaria, in consequence of the attacks upon the allied missions which visited those places in search for concealed arms. The German government was informed that if these fines are not paid by December 10, the amounts will be withheld from the Rhineland's contributions to the Bavarian government. This action is in pursuance of the recent decision of the allied ambassadors' council, which also demanded apologies from the Bavarian government, its responses having been unsatisfactory. The allied note demands full and satisfactory apologies for the aggressions.

## Christmas Fund Being Totaled

### Speeder Had Three Cases Of Dynamite

SANTA MONYA, CAL., December 1.—(By the Associated Press)—H. K. Powers, excavation contractor of Los Angeles, had three and a half cases of dynamite in his automobile, officers said, when he was arrested here for speeding at thirty-seven miles an hour, for having no tail light and because his brakes were working so poorly he could not stop his car in less than 300 feet.

### Soviet Plans To Work Among Negroes

MOSCOW, December 1.—(By the Associated Press)—The third international has adopted a resolution declaring that the United States is

designed to play an important part in the struggle of the African race for liberty and that inasmuch as America today is the center of the negro culture of the world, it is in that country that the communist campaign to bring freedom to the negroes of all countries should be concentrated.

## Miss Dolly Wise

She is here to answer any and all questions concerning love, matrimony, troubles, woes, etiquette, etc. Inquiries should be addressed to Miss Dolly Wise, care The Daily Times, Portsmouth, Ohio.

Dear Dolly—Will you please print a way to can ribs. MRS. N. Y. Z. Whose ribs do you want to can—your husband's? I haven't any recipes for canning them but I should think they would keep if you would fry them, put them in a can or jar and pour boiling grease over them. Sausage will keep fine this way and I imagine ribs will too.

Huntington, W. Va.—Will you please tell me where I may go in Cincinnati to learn the millinery trade. I would like to go where they pay while learning. Will satin hats be worn all winter? AN ADMIRER.

You don't have to go to Cincinnati to learn the millinery trade. You could learn with any of the milliners in your home city or some nearby city. Of course you could learn in Cincinnati, but I don't believe you would earn enough to pay your board while there. Satin and dryclean hats are coming in now for spring. The seasons seem to be reversed, as people wear straw hats in winter and felt and velvet hats in the summer. However I think we should go back to the old order of things and wear winter hats in winter and summer hats in summer.

Dear Miss Wise—I am a young married woman and I am not acquainted in Portsmouth, and Dolly I get powerful lonesome as my husband works at night. Now, Dolly, I love my husband, but I am young and I want to enjoy a little pleasure in my young life and I want to ask you if it would be all right for me to go joy riding with other young men.

It certainly would not be all right. If you are lonesome you will have to find some other way of amusing yourself. If you don't want to settle down and be satisfied with one man, you had no right to get married. You can go out with your girl friends, or take a girl roomer, just for company. Your husband may love you now, but he would not love you very long after he finds out you are going with other men.

Dear Miss Wise—I am a man past forty. I am young enough and old enough to have some sense. I have been married once, but I must have chosen the wrong woman as she has left me without any reason that I know of and does not seem to care for me at all. Dolly, I love my wife better than any woman I ever saw. She is an excellent housekeeper, a fine worker, a charming companion, a good cook, clean, neat and tidy. It would be hard to find a better woman than she is. But Dolly, she had one great fault—she thought more of other men than she did her husband. She has left her happy home and a loving companion who cares more for her than any other man will ever care. Do you think there is any use for me to try and find as good a woman who can be a true and faithful wife. Are there any such women living? Dolly, I shall be glad to have your advice.

LONESOME MAN  
The world is full of good, true faithful women. Just because you

wife proved unfaithful is no reason to think they are all that way. If she was perfect, there must be something radically wrong with you, or she would not have left you. If you still love her I think you should make another effort to win her back.

Dear Dolly—My hair was so thin several months ago that I bobbed it. I thought if I had it bobbed it would grow in thicker. Instead it is getting thinner than ever and I am afraid I will get bald eventually. Do you think curling it with a hot iron will have any effect on it? I don't, but I curl it with an iron every other day. I wash it once a week. Is that too often? WORRIED GIRL.

Curling it with an iron is injurious to the hair. If straight hair is becoming to you, curl your hair on either side curls or rags. Both kid curls and rags are more trouble to use than an iron, but they will not injure your hair.

Once a week is too often to wash your hair. Once a month is often enough for the average healthy scalp. If your hair is dry, keep it clean and shining by brushing it. If your scalp is oily, take dry shampoos. In either case, stop washing it every week.

Massage your scalp regularly every night for 10 minutes, using

## Adventures Of The Twins

BY OLIVE ROBERTS BARTON

ONE day Nancy and Nick were passing Benny Bunny's house when Benny ran out and called them.

"Hey, there!" called the rabbit boy. "I want you something. Please stop a minute."

"Sure we will, Benny," said Nancy kindly. "What is it?"

"Say," said Benny, coming close. "Can the Green Wizard do anything—anything at all?"

"Do you want something?" "Yes, indeed," Benny assured him. "I want a sassa-patch tree for my own."

"A what?" cried Nick. "A sassa-patch tree," repeated Benny Bunny.

"What's that?" asked Nancy quickly. "I never heard of one."

"Neither did I," said Benny. "I just made it up. But you said the Green Wizard could make anything at all. A sassa-patch tree is a tree that has anything you want on it."

"What's that?" asked Nancy quickly. "I never heard of one."

## Negroes In Argument; One Shot; Dies

Gun User, Willie Means, Fires  
Shot After Frank Thompson,  
Victim, Stepped On His Foot

Frank Thompson, colored, is in the county morgue and Willie Means also colored, is behind the bars at the city jail on a murder charge as the result of a shooting affray which occurred at the soft drink establishment conducted by Sarah Stinson on Waller street, near Fourteenth, shortly after five o'clock Thursday afternoon.

Thompson was shot in the back, the bullet entering just below the heart, ranging downward into the abdomen, penetrating vital organs and the victim succumbed to the wound shortly before seven o'clock this morning at Hempstead hospital to which institution he was taken following the shooting.

**Police Investigate**  
According to the police investigation the shooting was the outcome of an altercation between the two men which started when Means accused Thompson of stepping on his foot as the latter walked up to the counter with a roll of money in his hands to buy some cigars, Means drawing his gun and firing the shot which proved fatal when the other man declared with an oath "that he didn't care."

**Do You Get Up Nights  
On Account Of Bladder?**

This Symptom Tells You Something Is Wrong. A Dayton Man's Experience.

Mr. John Lumpkins, 7 Carrie St., Dayton, Ohio, says in his own home paper, the Dayton Herald: "For two years I had to get up fifteen to twenty times each night. The scalding and pain was awful. After taking a few doses of Lithiated Buchu (Keller formula), the gravel came, until at least twenty-five places have passed. Some were as large as a bean. I am glad to have this way of telling my fellow sufferers about this great new remedy."  
Lithiated Buchu (Keller formula) acts on the kidneys and bladder like Epsom Salts on the bowels. It cleans them out and helps to relieve the bladder of abnormal deposits. The tablets cost 25c each. This price makes it possible to place in the formula several expensive drugs, which are useful for relief. The formula is on the package. It is likely you have never taken anything similar. Try a few doses for back-ache, swelling, scanty or high-colored urine and frequent desire at night.  
Be sure to get the Keller formula Lithiated Buchu at Stahler Drug Co. and drug stores everywhere or write The Keller Laboratory, Mechanisms, Ohio.—Advertisement.

Just get one ounce of "Parmit (double strength)" add to it a little sugar and enough hot water to make a half pint and you've got an inexpensive remedy better than you can buy ready mixed.  
Its soothing, healing action on the membrane is the reason so many people use it for Catarrh and acute nasal colds.—Advertisement.

arrived on the scene. Only a glance was sufficient to convince the officers the man was severely wounded and calling an ambulance he was hurried to the hospital. Before being placed on the operating table Thompson was questioned by surgeons but he refused to talk further than to tell his name and that his home was in Kansas City, Mo.

Means, the gun user left the scene after firing the shot and it was not until several hours later that he was apprehended by the police when found on Eleventh street, near the Pennan restaurant. On being taken to police headquarters the prisoner discussed the shooting freely with the officers, admitting that he fired the shot but claimed he did so in self-defense. He stated that on leaving the soft drink place he walked over to the railroad tracks and threw away the gun, a .45 caliber Colts automatic, which he had used, and then went to his room at the rear of 1101 Eleventh street.

**Wilkins Eye Witness**  
Jesse Wilkins, waiter at the Stinson place, was the only eye witness to the shooting and he was taken into custody by the police last night and is held at a material witness for the state. Wilkins told the police that Stinson had requested him to "stick about" and look up the place and I was there alone when Means came in and ordered his supper. Means was eating when Thompson, who appeared to be under the influence of liquor, came in, and as he walked towards the counter ordered cigars and at the same time drew from his pocket a roll of bills. He had started to peel a bill from the roll when Means, who was nearly jumped up and pulled his gun, saying, "I'll take that" to which Thompson replied, "Oh, no you won't" and turning started to go out the door. Means then fired and Thompson fell to the floor and then he pointed the gun at me as I started to jump over the counter and ordered me to stand back. I ducked behind the counter and Means ran out of the place."

All the men are colored and the police investigation disclosed that Means, who is but 19 years old, and Wilkins came here only last Sunday night from Canton. Thompson is also said to have come here less than a week ago from Canton and but little is known concerning the men.  
The youthful slayer claims Greenville, South Carolina as his home while his victim gave his residence as 1214 Vine street, Kansas City, Mo.

**Medical Confession**  
I, Willie Means, was in the restaurant at 1414 Waller street, Portsmouth, Ohio at about four-thirty, (4:30) P. M. Nov. 30, 1922, when Frank Thompson came in and asked George Walker for some oysters, and he went out to get them. Walker is employed in the Stinson place.

I was standing at the counter and Thompson stepped on my foot. I said, "Mister, you stepped on my foot." He said, "I don't give a G—D—." Then he stuck his hand in his pocket and stepped back and started toward the door and I shot him. Then I went out and walked to the railroad track where I threw my gun down the track. The gun was a .45 caliber Colts automatic.

Then I walked down to my room at 1101 Eleventh street in rear.  
I hereby declare that I make this statement of my own free will and volition, and without any undue influence or promise of immunity or reward of any kind.

Richmond, Ind. — "I thought I would write a line or so, to say that I owe my good health and strength to Cardui," says a letter from Mrs. Corn Courtney of 705 North Seventeenth street, this city.

"I was all run-down until my family thought they would lose me," writes Mrs. Courtney. "My husband coaxed me to take Cardui, so to please him, I did, and I will say I do not regret it, for I am able to do all my work and do my shopping."

"I have five children, four in school, my husband and a boarder to do for, and I do all my own work for all of us, and find time to play. We all praise Cardui. Every sick and run-down woman should take this wonderful medicine."  
"I suffered with my back a very weak feeling in my limbs. I felt hardly able to drag; just tired—so tired all the time. It was an effort for me to do anything, but Cardui helped me so I felt like a different woman."

If you are in a run-down physical condition, suffering as this Indiana lady says she did, give Cardui a fair trial. It should help you.

### At Midnight With Croup

One small dose of Dr. Drake's Glaxo relieves croup within a few minutes—more than two doses are seldom necessary. It is safe, pleasant, reliable and does not cause vomiting. The meeting was called to order by Mayor Bateman promptly at 6:30 and the roll call by John W. Stratton, Village Clerk, showed the following members present: Kittenour, Silcott, Black, Patterson and Lilly. Markham being the only member who did not answer present to the roll call. The ordinance which was prepared by attorney J. D. Withgott of Chillicothe was read by the clerk, and it was moved by Kittenour and seconded by Silcott that the ordinance be accepted as read. The vote was then called for by the Mayor and each member present voted yea on the motion. The ordinance was then given its second and third reading as required, and the Mayor then called a yea and nay vote on the final passage of the ordinance, and it was passed without a dissenting vote. The ordinance, which is ordinance No. 3, passed by the council this year, provides for the

issuing of ten bonds which shall be called Electric Light, and the denomination of which shall be \$300 each. It was then moved by Kittenour and

seconded by Black that the clerk be instructed to have a copy of the ordinance printed twice in the local paper as required by law. The motion carried unanimously. A letter was then read by Mayor Bateman from Attorney Withgott, asking that a resolution be adopted by the Council, retaining him as Solicitor, permanently, as the former resolution adopted by the council had only asked that he be retained as legal adviser for the village in a matter which pertained to widening of the streets of the village. This matter was postponed until the regular meeting night which will be Monday, Dec. 4.

## Jeff Kirkendoll Is Shot

Mrs. Al Windel, of Offner street, received a telegram yesterday afternoon from McKeesport, Pa., stating that her brother, Jeff Kirkendoll had been shot, and advised her to come to that place at once, although the wound was not serious. The communication was signed by Mr. Kirkendoll but there was no address. Despite the efforts of local relatives it was impossible to learn the details of the shooting last night.

Mr. Kirkendoll, is quite well known here, being a former resident of this city. He left here about ten years ago. Alonzo Kirkendoll, Jefferson street second hand clothing dealer, and Charles Kirkendoll, Front street barber are his brothers. Alonzo Kirkendoll left for McKeesport this morning.

Charles Kirkendoll is at present in Healy on business and has been there several days.

## THE THING ON THE HEARTH

### It's Here Today

Mysterious, incredible tragedy had been the fate of Rodman, the world genius, whose tremendous brain power had been centered on the commercial manufacture of precious stones. The scientific world was startled when the preliminary papers of Rodman showed that by synthetic chemistry, he was about to turn out sheets of emerald and rubies weighing several pounds at no more cost than the manufacture of ordinary window glass.

The Orient was shocked. It meant tremendous destruction of wealth. Then one day, bearing a gift worth thousands, there came a strange creature from the Shan Monastery in Asia. Powerful, intelligent—world—this man had been delegated by his religious order to serve the great genius and protect him from evil.

Then came the tragedy. The one man in the world needed to solve the mystery was M. Jonquille, greatest of French detectives.

### Go On With the Story

As soon as France could release Jonquille, it sent him. Rodman's genius was the common property of the world. The American government could not, even with the verdict of a trial court, let Rodman's death go by under the smoke-screen of such a weird, inscrutable mystery.

I was to meet Jonquille and come here with him. But my train into New England was delayed and when I arrived at the station I found that Jonquille had gone down to have a look at Rodman's country-house, where the thing had happened.

It was on an isolated forest ridge of the Berkshires, no human soul within a dozen miles of it—a comfortable stone house in the English fashion. There was a big drawing-room across one end of it.

Rodman used this drawing-room for a workshop. He kept it closed, shuttered and locked. Not even this big, yellow, scrawny creature who took exclusive care of him in the house was allowed to enter, except under Rodman's eye. What he saw in the final scenes of the tragedy, he saw looking in through a crack under the door. The earlier things he noticed when he put logs on the fire at dusk.

Time is hardly a measure for the activities of the mind. These reflections winged by in a scarcely perceptible interval of it. They have taken me some time to write out here, but they crowded past while the big Oriental was speaking—in the pause between his words.

"The print," he continued, "was the first confirmatory but it was not the first indicative sign. I doubt if the Master himself noticed the thing at the beginning."

He paused.

"The Master was sunk in his labor, and while that enveloped him, the first advances of the lure would have gone by unnoticed—and the tension of the pressure. But the day was at hand when the Master was receptive. He had got his work completed; the formulae, penciled out, were on his table. I knew by the relaxation, of all periods this is the one most dangerous to the human spirit."

He sat silent for a moment, his big fingers moving on the arms of the chair.

"I knew," he added. Then he went on: "But it was the one thing against which I could not protect him. The test was to be permitted."

He turned sharply toward me, the folds of his face suddenly.

"Excellency," he cried. "I would have saved the Master, I would have saved him with my soul's damnation, but it was not permitted. On that first night in the Italian's tent I said all I could."

His voice went into a higher note.

"Twice, for the Master, I have been checked and reduced in merit. For that bias I was myself cured. I was in an agony of spirit when I knew that the thing was beginning to advance, but my very will to aid was at the time enervated."

His voice descended.

He sat motionless, as though the whole bulk of him were devitalized, and maintained its outline only by the incandescent frame of the chair.

"It began, Excellency, on an August night. There is a chill in these mountains at sunset. I had put wood into the fireplace, and lighted it, and was about the house. The Master, as I have said, had worked out his formulae."

He was at leisure. I could not see him, for the door was closed, but the odor of his cigar escaped from the room. It was very strong. I was observing the Master's bed-candle on the table in the hall, when I heard his voice. "You have seen it, Excellency, as the servitors were to draw before the judge."

He paused.

"It was an exclamation of surprise, of astonishment. Then I heard the Master get up softly and go over to the fireplace. . . . Presently he returned. He got a new cigar. Excellency, clipped it and lighted it. I could hear the blade of the knife on the fiber of the tobacco, and, of course, clearly the rasp of the match. A moment later I knew that he was in the chair again. The odor of incense tobacco returned. It was some time before there was another sound in the room; then suddenly I heard the Master swear. His voice was sharp and astonished. This time,

Excellency, he got up swiftly and crossed the room to the fireplace. I could hear him distinctly. There was the sound of one tapping on metal, thumping it, as with the fingers."

"He stopped again, for a brief moment, as in reflection. "It was then that the Master unlocked the door and asked for the liquor." He indicated the court record in my pocket. "I brought it, a goblet of brandy, with some carbonated water. He drank it all without putting down the glass. His face was strange, Excellency. Then he looked at me.

"Put a log on the fire," he said. "I went in and added wood to the fire and came out.

"The Master remained in the doorway; he re-entered when I came out, and closed the door behind him. There was a long silence after that; then I heard the voice, permitted to the decoration, thin, metallic, offering the barter to the Master. It began, and ceased because the Master was on his feet and before the fireplace. I heard him swear again, and presently return to his place by the table."

The big Oriental lifted his face and looked out at the sweep of country before the window.

"WHEN I WENT IN TO PUT WOOD ON THE FIRE I SAW THE FOOTPRINT."

"The thing went on, Excellency, the voice offering its lure, and presenting it in brief flashes of materialization, and the Master endeavoring to seize and detain the visitations, which ceased instantly at his approach to the hearth."

The man paused.

"I knew the Master contemplated in vain against the thing; if he would acquire possession of what it offered, he must destroy what the creative forces of the spirit had released to him."

Again he paused.

"Toward morning he went out of the house. I could hear him walking on the gravel before the door. He would walk the full length of the house and return. The night was clear; there was a chill in it, and every sound was audible.

"That was all, Excellency. The Master returned a little later and ascended to his bedroom as usual."

Then he added:

"It was when I went in to put wood on the fire that I saw the footprint on the hearth."

There was a force, compelling and vivid, in these meager details, the severe suppression of things, big and tragic. No elaboration could have equaled, in effect, the virtue of this restraint.

The man was going on directly with the story.

The following night, Excellency, the thing happened. The Master had passed the day in the open. He dined with a good appetite, like a man in health. And there was a change in his demeanor. He had the aspect of men who are determined to have a thing out at any hazard.

"After his dinner the Master went into the drawing-room and closed the door behind him. He had not entered the room on this day. It had stood locked and close-shuttered."

The big Oriental paused and made a gesture outward with his fingers, as of one dismissing an absurdity.

"No living human being could have been concealed in that room. There is only the bare floor, the Master's table and the fireplace. The great wood shutters were bolted in, as they had stood since the Master took the room for a workshop and removed the furniture. The door was always locked with that special thief-proof lock that the American smiths had made for it. No one could have entered."

It was the report of the experts at the trial. They showed by the casting of rust on the bolts that the shutters had not been moved; the walls, ceiling and floor were undisturbed; the throat of the chimney was coated evenly with old soot, only the door was possible as an entry, and this was always locked except when Rodman was himself in the room. And at such times the big Oriental never left his post in the hall before it. That seemed a condition of his mysterious overcare of Rodman.

Everybody thought the trial court went to an excessive care. It scrutinized in minute detail every avenue that could possibly lead to a solution of the mystery. The whole country and every resident was inquisitorially.

was no human creature on that forest crest of the Berkshires but Rodman and his servant.

But one can see why the trial kept at the thing; he was seeking an explanation consistent with the common experience of mankind. And when he could not find it, he did the only thing he could do. He was

wrong, as we now know. But he had a hold in the dark on the truth—not the whole truth by any means; he never had a glimmer of that. He never had the faintest conception of the big, amazing truth. But as I have said, he had his fingers on one essential fact.

The final installment of this tale of mystery and horror will appear in our next issue.

**COMPRESSION**  
It is necessary that your cylinder  
bore be straight and round to obtain  
the proper compression. You cannot  
fit a ring and have it tightly seal a  
cylinder with an around hole or  
one where it has been enlarged in  
the top. Compression means a live  
motor, and rings must fit the holes  
to have it.

**NEW YORK  
STOCKS**

**NEW YORK**, Dec. 1.—Extension of  
Wednesday's short covering move-  
ment, combined with some new in-  
vesting buying of high grade shares,  
imparted a strong tone to prices at  
the opening of today's stock market.  
The demand embraced virtually the  
entire list of copper, oil, food and  
rail shares exhibiting the greatest  
strength. Union Pacific was pushed  
up 1/16 and Erie preferred 1/16, with  
large fractional gains being recorded  
by St. Paul, Erie, Erie preferred,  
Reading and Rock Island. Houston  
Oil rose 2 1/2 points and Mexican Pe-  
troleum 2, with more moderate gains  
among other popular shares in that  
group. Cereals declined the advance  
in copper with a gain of 1/16  
points. Some of the other individual  
strengths shown were Adams Exports,  
Standard Oil, International  
Nickel preferred, Coca Cola, Ameri-  
can Cotton Oil preferred and Tobacco  
Products, all up 1 to 2 points.

General Asphalt yielded 1 1/2  
on profit taking and Sears-Roebuck  
dropped 1 1/2. Foreign exchanges  
opened firm.

Professional operators apparently  
acting on the belief that the run-  
in of the shorts had progressed far  
enough to leave part of the market in  
a vulnerable condition began selling  
oil shares at the end of the first hour,  
being aided by some profit-taking on  
the part of recent buyers. Most of  
the oil recorded material recessions  
carrying with them to lower ground a  
number of leaders including Baldwin,  
Studebaker, Bethlehem, E. Midvale  
and marine preferred.

General Asphalt lost 2 1/2, the pre-  
ferred two. Heavy Oil preferred 2 1/2,  
Standard Oil of New Jersey 2 1/2. Ma-  
rine preferred 1 1/2, Bethlehem B 1/2  
and Pan American A and B one each.  
Toward noon the market turned up-  
ward again in response to the demand  
for Crucible and U. S. Tubular, each  
of which gained two points. Lorillard  
Tobacco, General Electric and  
Westinghouse Airbrake all gained 3  
to 5 points. Call money opened at  
five percent.

Professional interests turned bull-  
ish in today's stock market after a  
futile attempt to uncover weak spots  
and force a further liquidation of  
prices. Representative shares were  
bid up one to three points and some  
of the high priced specialties regis-  
tered gains of 3 to 10. Sales approxi-  
mated \$25,000,000 shares.

The closing was strong.

**CHICAGO GRAIN**  
**And Provision**  
CHICAGO, Dec. 1.—Wheat opened  
upward in price today during cur-  
rency dealings, with trade moderately ac-  
tive. Higher quotations at Liverpool,  
rain in Argentina prospects of immed-  
iate farm relief legislation at Wash-  
ington all counted as bullish factors.  
A further reduction of 20,000,000  
bushels in estimates of the Argentine  
exportable surplus was also a subject  
of comment. The market, which  
opened firm, was 1/2c higher, with  
May 1.17 1/2 to 1.18 and July 1.00  
to 1.00 1/2, was followed by a little re-  
action and then by a fresh advance.  
The close was unsettled 3/4 net  
lower to 3/4 gain with May 1.16 1/2 to  
1.17 1/2 and July 1.00 1/2 to 1.01.  
Corn moving up with wheat touched  
the highest price which the December  
delivery has yet attained in this ses-  
son, 7 1/2c. After opening 7 1/2c,  
it rose to 7 1/2c. May 7 1/2c to 7 1/2c, the market  
sagged somewhat but soon rallied.  
Oats started a shade to 1/4c higher,  
May 43 1/2c and later continued to  
harden.  
Provisions were firmer in line  
with hogs and grain.  
The close was unsettled at the same  
as Wednesday's finish to half cent  
lower with May 70 1/2 to 70 1/2.

JESUS SENDING OUT MISSIONARIES;  
LESSON TEXT LUKE 10: 1-17  
REV. WM. H. GLEISER

The work confronting Jesus was arduous. The enterprise of Jesus did not embrace a narrow field. The harvest field was the world. In view of this it is significant to note that Jesus did not attempt to do it alone. The salvation of the world was his divine work, but the field was so vast it required the help of others. Consequently he chose twelve men whom he prepared to be his representatives. It is indeed interesting and instructive to notice the method of Jesus as an organizer of the missionary enterprise.

He prepared his twelve apostles before he sent them out. He spent much time with them, teaching them the truth about himself, his work and his purpose. He made them sharers of his experiences and called them to use this information and truth in their fields. And men who go out for their duty must be thus prepared in mind and heart.

Jesus also directed his missionaries to conform their lives to the truths they were to speak. As the messengers of faith they were to show forth faith in the daily experiences of life. As the messengers of peace they were to live peace. So it must be in the lives of those who are sent forth in this day.

Jesus enlarged his circle of workers as soon as he could prepare them. He started with twelve. Later he sent out seventy others. When the section visited by the first was prepared for his coming in person he widened the circle and sent his ambassadors into new areas. The expansion of new fields to be evangelized is nothing short of the world itself.

The objective of his representatives is to pave the way for himself. It was not their business to give the world, but to proclaim the one who would. They were held responsible for correctly interpreting his mind and spirit and message, and with that they met their responsibility. The rest was up to the hearers as to whether they accepted or rejected him. The business of his representa-

tives is not to urge men into the Kingdom but to deliver the message. These missionaries were kept in touch with him. They came back to talk over what had occurred. They talked over the work that had been done and to receive encouragement for further campaigns. His was the guiding hand. His words gave them heart. His were words of counsel. Their return was an occasion of great joy because of the great work that had been done. The ritual of their triumphs in his name caused his soul to thrill with joy. For when he looked down the avenues of time he knew that as their labors had been crowned with success his representatives in generations yet to come would carry on the work until the kingdoms of this world were taken captive for him.

## Taber In Charge Of Preserve Dedication

Retiree to the dedication of the Roosevelt Game Preserve on the West Side Tuesday, December 5, the Ohio Market News, a publication of the State Agricultural Department had the following in a recent issue:

"The plan to name the new game preserve in Scioto County after Governor Harry L. Davis has been changed so that it will be named in honor of former President Theodore Roosevelt. It has been the purpose to name it in honor of the Governor because such a request was made by Secretary Atwood, author of the bill, by which the reserve was established, and the Secretary of the Land of Ohio Sportsmen. The Governor, however, has declined the honor, much as it was hoped that he would accept, and at his request it will be named 'The Theodore Roosevelt Preserve'."

At the dedicatory exercises of the preserve, the active co-operation of Roosevelt Society and Civic and patriotic organizations of every kind will be asked and a generous response is expected. The principal address on that occasion will probably be made by Governor Davis and other distinguished persons will be in attendance. The plan is to hold the exercises some time during the latter part of November.

The program will be largely under the direction of L. J. Taber, Director of Agriculture, whose offices have been extended in the promotion of this greatly desired benefit to Ohio sportsmen. A. C. Baxter, chief of the Fish and Game Commission, has also given material aid and both were supported in their work by Governor Davis.

## Death Calls

### Jacob Stemple

PIKETON, Dec. 1.—Jacob Stemple, an aged farmer, died at his home near Piketon Wednesday evening at 5:00 o'clock following an illness of almost two weeks from a paralytic stroke which he suffered while getting dinner at his home on Friday Nov. 18. Mr. Stemple was apparently in good health and made a trip to Piketon on the day on which he was stricken. He had returned home and was preparing dinner when he was seized by the attack and fell on the stove. His brother, John and a hired man came to his aid and he was helped to his bed and a physician summoned.

The funeral services will be conducted at the home Saturday morning at 10:00 o'clock by a German minister from Chillicothe and interment will be made on the family lot at the Mount cemetery. Deceased was 76 years of age and is survived by one brother John Stemple at home. He was a distant relative of the late P. N. Jhelms. Mr. Stemple passed the greater part of his life on the peaceful farm which lies in the beautiful valley of Beaver Creek, and there amidst the scenes that he loved the end came so peacefully as his life had been.

## Kellogg's Bran means so much to the health of every one who eats it!

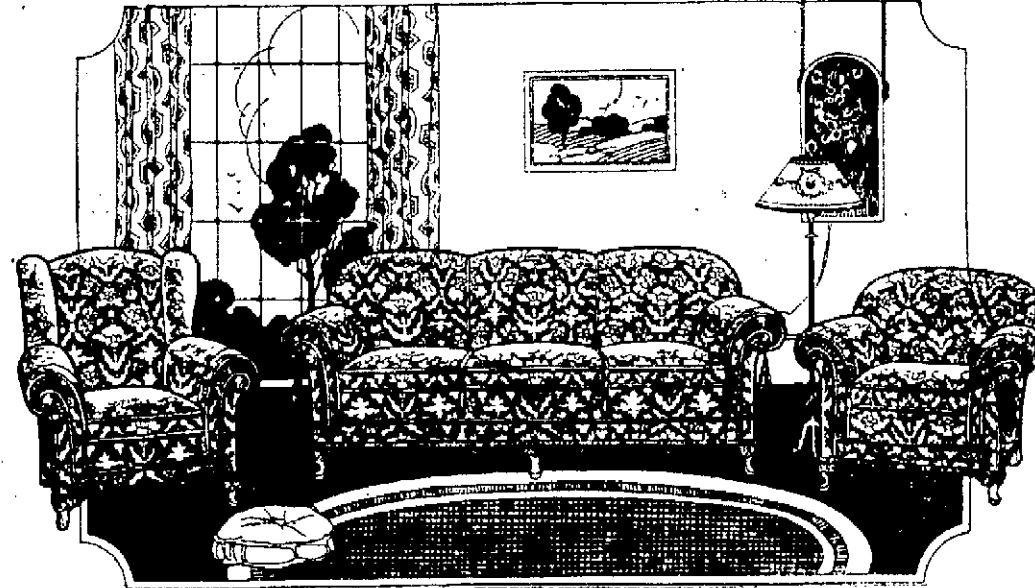

Start eating Bran today! You can't afford the delay of a day—for BRAN—Kellogg's Bran, cooked and krumbled, is nature's own remedy for constipation. Eliminate constipation or its symptoms from your system and you add years to your life. Free yourself of illness that can be directly traced to this distressing condition! Authorities state that 90% of human illness has its beginning with constipation, which clogs the eliminative passages, backing up poisons and creating toxic conditions. At this stage the blood becomes affected and then follows the disorder of various organs. Bright's disease, diabetes, most cases of rheumatism, hardening of arteries, headaches, brain fog, etc., are directly caused by intestinal poisoning. Pills and cathartics can give no adequate relief. They are not only temporary in their effect, but tend to aggravate already dangerous conditions. Kellogg's Bran causes neither discomfort nor irritation, and its action is absolutely positive. Bran sweeps and cleanses and purifies! Its work is wonderful! Physicians endorse the use of Kellogg's Bran for constipation because it relieves constipation, naturally. Eat Bran regularly—at least two tablespoonfuls daily; in chronic cases with each meal—as a cereal, sprinkled on other cereals, or in many other appetizing ways such as in raisin bread, gems, pancakes, macaroons, etc. Recipes on every box. All grocers sell Kellogg's Bran, cooked and krumbled! Start with Kellogg's Bran today. P. S.—Kellogg's Bran, eaten regularly, will clear up a pimply complexion and overcome an obnoxious breath.

## Invite Rev. Anderson To Hold Union Revival Here

At an enthusiastic meeting of ministers and laymen representing all but three or four of the Protestant churches held at the Mary Louise, Friday noon, it was unanimously agreed to extend a call to George Wood Anderson and his party to hold a union revival meeting in this city, beginning on February 22 and ending on March 18. The meetings will be held in the new garage being erected by the Universal Motor Co. on Gallia street, and will be capable of seating comfortably more than three thousand people.

The meeting was presided over by John T. Breece, chairman, and was absolutely unanimous in action. Talks by the various ministers and some of the leading laymen indicated the time was ripe for a meeting and that they could be depended upon to give the proposition their unqualified endorsement and support. Gilbert F. Dodds was named as secretary of the

meeting, the third or fourth of its kind held. The only drawback experienced at the other meetings was an adequate place to hold the revival. This was remedied when J. F. Taylor, proprietor of the Universal Motor Co., came forward and graciously offered to donate the use of his mammoth garage now under construction on Gallia street, as a place for the revival. Architect Donaldson was present at the meeting Friday and stated that there was no question but the

garage would be under roof, with furnace and lights installed in plenty of time for the meeting. A committee on committees, consisting of the pastors of the affiliated churches, together with Chairman John T. Breece and Secretary Gilbert F. Dodds, was named and is expected to report by the first of next week. When he was here during the recent campaign, Mr. Anderson, together with his co-workers, Pianist Achley and Chorister Jenkins, made

such a pronounced hit that the impression was immediately made that this party would hold a meeting here such as the religious life of the community demanded. At that time Mr. Anderson stated he thought he would be able to hold a meeting in Portsmouth in the early spring. Since then it has been learned he could come here direct from his Marion meeting, beginning in Portsmouth on February 22 and continuing over four Sundays, closing on March 18.

About those ads than I heard about resurfacing Gallia street, and judging by that the Times circulation must be larger than they claim. # Have We Left France "In the Lurch"?

After the Armistice did America forget the high resolves and purposes with which we entered the World War? Did we leave our Allies, especially France "in the lurch"? In consequence of our attitude, is Germany in alliance with Russia and Turkey, confidentially preparing for a new attack upon France and the "Peace" of the World? The recent speeches by Mr. Clemenceau in this country confront us with these disturbing questions. "In the Armistice, in the Treaty and all that followed, there was a great share of pure American work," he reminded his hearers in New York. But "you left after the contract was finished, and you told us to execute it as we might. And you were wrong in that. You broke all the organs of economic solidarity. If we had known that for three years the thing that was guaranteed to us (reparations) was not coming to us, we would have gone to Berlin," he declared.

The leading article in The Literary Digest this week presents the reaction of the American press to the appeals and charges made by the "Tiger of France," Georges Clemenceau. Newspapers of varied political persuasion are included in the many quoted in the article, and all sections of the country are represented. A reading of this summary will give one a very clear idea of exactly what the French nation would have America do and the feeling in this country as to what we should do toward putting the world upon a peace basis.

# BIG STILL IS "CAPTURED"

County officers on a visit to Lower Twin Creek early Friday morning captured a 40-gallon capacity copper still and a barrel of mash which resulted in the arrest of a man giving the name of George Rodgers, who admitted ownership of the whiskey making plant. Pleading guilty when brought into court later in the day Rodgers was remanded to jail, Magistrate J. L. Riekey deferring sentence until later.

For possessing a still unlawfully, Warren Kuhlmeier, 312 Fourth street was fined \$500 and costs because it was his second offense but later \$200 of the fine was suspended. Sanford Jarrells, 1707 Charles street, arrested Thursday when the officers in a search of his garage found a 30-gallon copper still and a small quantity of liquor, pleaded guilty to possessing the illicit property and he was passed a fine of \$300 because it was his second offense.

Joe Friend, Seventh street young man, admitted guilt of possessing liquor because he had a small bottle containing moonshine in his pocket when placed under arrest at the old Interstate barn in the West End yesterday, and he was let off with the minimum fine of \$100 and costs.

Coleman Sibrel was found to be guilty of possessing liquor unlawfully and he was penalized to the extent of \$100 and costs. The officers testified they found a small bottle containing liquor in Sibrel's garage in the rear of his home at the terminals. The defendant, through Attorney

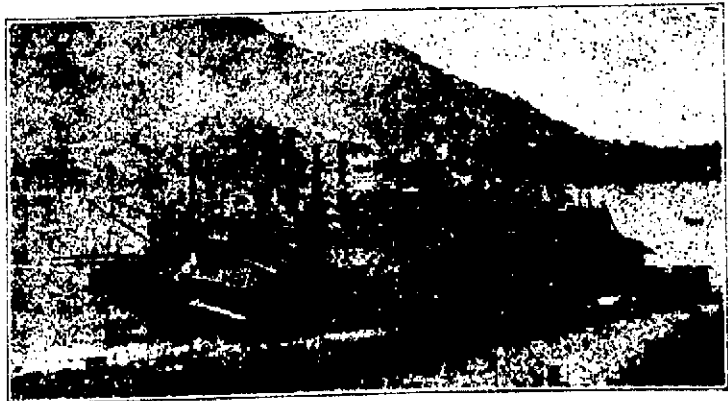

H. L. Small, excepted to the finding of the court and gave notice of intention of prosecuting error proceedings to Common Pleas court. He was released on \$500 bond.

The Sisters of Saint Francis wish to thank their benefactors most kindly for the bounteous shower of fruit, vegetables, and various other kinds of good gifts which the good people of Holy Redeemer parish so generously bestowed on them Thanksgiving Day. The Sisters also take this opportunity of thanking Father J. E. McGuirk and his good people for their beautiful convent recently remodeled and most heartily welcome

all who have not had an opportunity of visiting their new home to do so whenever they have leisure. ## Have Plan For Relief Of Farmers

WASHINGTON, Dec. 1.—The administration had ready today a definite program of legislation for the financial relief of farmers formulated in agreement with senate leaders on both the agriculture and banking committees and to be pressed with their support at the short session of congress.

Approved at a conference yesterday by President Harding, Secretary Wallace, fifteen Republican senators headed by Senator Lodge, majority senate leader, and Mrs. Watson of Indiana, who has been making an active survey of the question, the program contemplates utilization of the federal farm loan board as the agency for extension of larger and more liberal credits, both as to interest rates and time to meet the present agricultural necessity.

The relief plan, designed to reach the small farmer as well as the large cattle raisers and grain growers, was outlined in a statement following the conference by Secretary Wallace and Senator Lodge. It is proposed by use of the farm loan board as the medium of government relief to make it available to the thousands of small farmers who need it.

Specifically the plan proposes an increase in the maximum loan limit of the federal farm banks from \$10,000 to \$25,000 amendment of the farm loan act to provide for the discount of agricultural production and marketing paper, with a maximum credit period of three years, and creation of a division in the farm bank system to deal specifically with this class of credits.

## THEATRICAL

"Up In Mabel's Room"  
The Jack Ball Stock Co., certainly scored a tremendous hit last night with one of the biggest laughing pieces that Portsmouth has ever had. "Up In Mabel's Room" lived up to all advance notices about it being a laughing show. The audience last evening fairly rocked the Sun theater with laughter and screams. As the play progressed and the laughs became louder and oftener. The company also proved themselves artists as farceurs as well as in dramatic work. Alex Machintosh as the meek little husband, who gets into no end of trouble just on account of a harmless little gift to Mabel, before his marriage to Geraldine, was extremely funny at all stages of the play and caused much laughter. Florence Levin as "Mabel Essington" and George Whitaker, as "Arthur Weldon," made even a greater impression with the audience than in previous plays.

## Gun User Held To Grand Jury Without Bail

Pleading not guilty and waiving examination to a charge of first degree murder, Willie Means, 19 years old, was held for grand jury action without bond by Judge McCall in Municipal court Friday afternoon.

Means shot Frank Thompson, negro, at the Skisom soft drink establishment on Waller street, near Fourteenth, yesterday and the victim died from the wound shortly before seven o'clock this morning in Hempstead hospital.

The youthful slayer, who claims Greenville, S. C., as his home, was immediately transferred to the county jail.

Jesse Wilkins, negro, the only eyewitness to the tragedy, was ordered held under bond as a material witness for the prosecution.

## Bullet Passed Through Victim's Body

Coroner J. D. Hendrickson and Dr. O. D. Tette this afternoon completed a postmortem examination over the body of Frank Thompson, who was shot and killed by Willie Means. It

showed that the bullet entered Thompson's back, ranged downward through his intestines and penetrated his abdomen, the bullet going entirely through his body.

## Not Cigar Manufacturer

The man arrested at Eleventh and Chillicothe streets Thursday for having a small amount of moonshine in his possession, was John M. Heisel, and not F. T. Heisel, well known cigar manufacturer, who resides at 1012 Chillicothe.

Portsmouth, O'Doherty, who lives at Friendship and was driving to the city when the accident occurred, was not injured.

## Out Of Danger

Ben F. Ragsdale of Caledonia, who shot himself in the leg several days ago, following the suicide of his wife, Mrs. Corrine Ragsdale in her home in that city, is now entirely out of danger.

His first wife also suicided, ending her life in 1911, when Ragsdale refused to go home with her. The latter formerly played ball in Portsmouth.

## COULD NOT TURN IN BED

Operation Avoided by taking Lydia E. Pinkham's Vegetable Compound

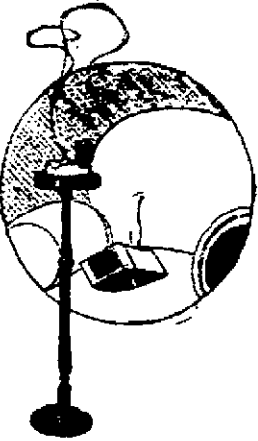

Dayton, Ohio.—"I had such pains that I had to be turned in bed every time I wished to move. They said an operation was necessary. My mother would keep saying: 'Why don't you take Pinkham's, Henrietta?' and I'd say, 'Oh, mamma, it won't help me, I've tried too much.' One day she said, 'Let me get you one bottle of each kind. You won't be out very much if it don't help you. I don't know if you will believe me or not, but I only took two bottles of Lydia E. Pinkham's Vegetable Compound and one of Lydia E. Pinkham's Blood Medicine when I began to get relief and I am regular ever since without a pain or a headache.'"

When I lie down I can get up without help and without pain. I can't begin to tell you how I feel and look. I have begun to gain in weight and look more like I ought to. I think every day of ways I have been helped. Any one who does not believe me can write to me and I will tell them what shape I was in. I am ready to do anything I can to help your medicine."

Mrs. HENRIETTA MILLER, 1373 Sprague St., Dayton, Ohio.

Miss Edna Couer and Miss Josephine Yinger spent Thanksgiving with relatives at Hales Creek, Ohio.

Don Phillips, who is attending Oberlin college, is spending the holidays with home folks.

Patrick Stanton of Columbus is the guest of his cousin, Mary Vallee Harold, at the home of her grandmother, Mrs. Ellen Stanton, of Ninth and Gay streets. He came down with the Aquinas College rosters and will return home Sunday.

Edward Haggerty, a state examiner of Columbus, who is temporarily stationed in Ironton, examining the county books, spent Thanksgiving day with his grandmother, Mrs. Edward Stanton of McChilough. He passed through here this morning enroute to Ironton.

A double wedding of unusual interest took place in Catlettsburg, Ky., Wednesday afternoon when Miss Lucile Clark of 423 Bond street, became the bride of Mr. William Carr, while Miss Dorothy Crawford was united in marriage to Mr. Harold Palmer. The double ceremony was performed at the home of Miss Clark's aunt, Mrs. Edward Rice, in that village.

Miss Clark looked unusually attractive in an afternoon gown of dark blue caftan crepe with corresponding accessories and wore a corsage of pink rosebuds.

Miss Crawford was gowned in a charming frock of brown caftan crepe and wore a corsage of sweetheart roses.

The two couples went to Huntington later in the afternoon and were honor guests at an elaborate bridal dinner given at the home of Mrs. Carr's aunt, Mrs. C. F. Vaughn, 1016 North avenue. They returned to this city yesterday afternoon and have been kept busy receiving the congratulations of their many friends.

Both brides have been employed at the Atlas Company for some time and will continue their work for the present.

Gorgeous Gowns and Brilliant  
Dancing Features of "Fascination"—Story of Girl  
Fascinated by Toreador

In "Fascination," Mae Murray's latest production, presented by Robert Z. Leonard at the Eastland theatre Monday, the famous Metro star turns to Spain for her background.

In "Fascination" she appears as the daughter of a Spanish father and an American mother. The combination of the Latin temperament and the Anglo-Saxon gives Miss Murray a wonderful opportunity to do remarkable acting as Dolores De Lisa. She portrays the part of a young girl who, revolting against the chaperonage of an aunt, decides to give herself a holiday. Disguising herself in a black wig and holiday garb she attends a bull fight against the wishes of her aunt. At the bull fight she meets Carrita, a handsome young toreador, who fascinates her immediately. It is this fascination that supplies the main motive for the play, for under its spell Dolores becomes involved in a series of breath-taking incidents.

The scenes are elaborate and lavish. All maintain the romantic flavor of Spain, and are complete in technical detail.

An unusually strong supporting cast has been assembled for the picture. Among them may be mentioned Helen Ware, Creighton Hale, Vincent Coleman, Courtenay Foote, Charles Lane, Robert Frazer and Emily Fitzroy.

THE ATLAS CO

## St. Mary's Entertainment Big Success

The entertainment given by the pupils of St. Mary's high school marked the closing of an enjoyable Thanksgiving Day to the audience present at the P. H. S. auditorium Thursday evening.

The program was well balanced and highly pleasing to the spectators. Many comments of praise were expressed, concerning the skill of the players, the achievement of the directors and the decoration of the stage.

At eight o'clock the program was opened by the St. Mary's orchestra with the selection, "Overture-Patriotic." This selection is an arrangement of melodies compiled by A. S. Rowman.

Duets and choruses marked its rhythmic interpretation and the audience arose to its feet when the strains of the Star Spangled Banner which ended the selection, were heard.

The high school chorus with Chas. Reitz as accompanist, scored much applause with their singing "Gobble Duet," "Larboard Watch" and "The Cautious Cat" were ably rendered by the well instructed pupils.

Specialties, "Our Hired Girl" and a reading, "Countin' the Eggs" were recited by Eileen Montavon. A reading, "The Railroad Crossing" by John Kirby was also given. Both of these young people showed excellent talent in their work and their readings were joyously received by the applauding audience.

A short play in three acts, "The Step Sisters" was presented by the girls of the third and fourth years of the high school. A synopsis follows:

Mabel, an only child, is unduly prejudiced against her step-sister, Eva whom she has never seen, but who is to become a member of the household because of the re-marriage of Mabel's mother.

Eva is really a girl of lovable qualities and to secure friendship between her and Mabel, Mrs. Temple, Mabel's mother, arranges to have both girls attend the same boarding school. Eva at Mrs. Temple's request assumes a false name, but Mabel is innocent of the clever plot.

At school the two girls become close friends and each loves the good qualities of the other. At the end of the term when Eva's real identity is disclosed, the girls are perfectly happy because they have become both life-long friends and sisters.

Mildred Selwick and Clara Vetter enacted the roles of the step-sisters, Mabel and Eva, respectively and were ably supported by the entire cast.

The dialogues between Nora, the housemaid at the school and Fred, a special delivery messenger, deserve special recognition. Rosa Doll played the part of Nora, the maid and Robert Hurst filled the position of Fred, in a remarkable manner. The indignation of the maid and the flirtations of the messenger were very amusing and drew much applause from the appreciative audience.

The orchestra played between the acts and at the close of the play readings were given. "St. Peter" a quaint and entertaining selection was recited by Marcelle Frederick, and Jeanette Gill recited "From Finnigan to Flanagan" a humorous Irish story. The two young ladies held the interest of the audience with their readings.

A playlet, "Mechanical Jane" was next presented by three characters, Anna Glockner, Rosina Frederick and June Snyder, filling the roles of the spinsters. Miss Priscilla and Miss Tabitha and Jane, a mechanical servant, respectively.

Synopsis: The spinsters, having dismissed their maid, are at a loss to find a person capable of filling her place. Hearing an advertisement, they conclude to buy a mechanical servant, which is acclaimed as the greatest invention of the age. Mechanical Jane is purchased, wound, and turns the house topsy-turvy, frightening the spinsters and working havoc, before running down.

A letter is received from the former maid and she is recalled, while Mechanical Jane is dragged out.

The roles of spinsters were ably filled but the difficult part of Mechanical Jane could not have been better enacted. Miss June Snyder, with fixed expression and stiff mechanical actions is to be commended for the excellent manner in which she filled her part. Mechanical Jane kept the audience thrilled and produced much laughter and mirth.

A selection by the Orchestra completed the evening's entertainment and the program ended with a satisfied crowd departing for home.

## Drys Opposed To Proposal To Fight It

WASHINGTON, December 1.—(By the Associated Press)—The Anti-Saloon League is opposed to the proposal that congress, with a view to possible amendment of the Volstead act, appoint a "scientific commission to determine what is intoxicating liquor."

Wayne B. Wheeler, general counsel of the organization, announcing today that representatives of the league and prohibition workers from 48 states and the District of Columbia had voted unanimously at a meeting to fight such a resolution de-

clared the findings of such a commission would serve no helpful purpose in determining what legislation is necessary to enforce the 18th amendment.

"We believe this movement for a so-called scientific commission, initiated by wet interests many months ago, is not designed to work out a solution of the law enforcement problem," contended Mr. Wheeler, "but to confuse the issue, break down law enforcement and ultimately to secure the repeal of the 18th amendment."

"No scientific investigation can determine accurately what is intoxicating liquor for a group of 100,000,000 people. Alcoholic liquors affect people differently, according to age, temperament, tolerance to use, and many other conditions. Consequently no accurate conclusion could be reached with reference to this question."

Mr. Wheeler said that the test in determining what was appropriate and effective legislation was not what liquor would actually intoxicate, but what standard in the definition of intoxicating liquor was best to enforce the law effectively.

the blaze might have had some connection with the fire which last Saturday razed St. Boniface College near Winnipeg, also a Catholic institution.

CARLETON, KY., December 1.—(By the United Press)—Police grilled Mrs. Hattie Abner, 38, today in connection with the shooting of her sister-in-law, Mrs. Thelma Swartz, 18.

Clinton Bayton and Roy Herndon, hunters, testified they saw Mrs. Abner chase the girl into a corn field and fire three shots into her back. Mrs. Abner then jumped into a well the hunters said. She was rescued against her will and taken to jail. The women live in the same house. Mrs. Swartz has been married four years.

## Officials Investigating Explosion

Officials of the N. & W. today started an investigation of the death of two negroes, the result of an N. & W. engine exploding in the Kenora shops early Thursday morning.

The dead are Elbert Saunders, 23, colored, a water-watcher, rear 1403 Third avenue, Huntington, and Percy Johnson, 22, colored, a boiler tender, residence 1700 block, Huntington. Both were married.

John Duke, colored, 1710 Eighth avenue, a hostler, escaped with minor bruises, cuts about the face and a fractured nose.

Residents of Kenora were awakened by the terrific detonation which occurred shortly before three o'clock in the morning. The locomotive was of the model known as "Type W" and was used as a yard engine. It was sitting on one of a number of spur tracks a few yards

north of the roundhouse, and Saunders and Johnson were repairing it for the day's duties. Duke was sitting on the cab of another engine on a parallel track, while his two companions were in the cab of the "Type W" preparing to turn additional water into her boiler.

N. & W. officials believe that Saunders permitted the water in the boiler of the engine to get low and this caused the explosion.

# NORMA TALMADGE

Smilin' Through

Norma Talmadge in her latest and greatest production, "Smilin' Through," turned hundreds away at the Columbia last night. Remember, it is here for only two more days (today and tomorrow) so don't let it leave without seeing it.

It may sound rather routine to say that this yet done for the silent drama, that Norma Talmadge has scored another screen success in her latest starring vehicle, "Smilin' Through." It is a new classic of the screen, the first National attraction which began an engagement at the Columbia Theatre last night.

And so we must go a little further and say that "Smilin' Through" is positively the best thing that Norma

on her wedding day. She is charming, alluring, adorable as Kathleen, the little niece of Mooney.

The story revolves itself around the romance of Kathleen and young Kenneth Wayne, son of the slayer of Mooney, and the embittered life of John Carteret, who was deprived of his beautiful bride at the altar.

Wyndham Standing, as John Carteret, and Harrison Ford, as Kenneth Wayne and Jeremiah Wayne, give magnificent support to Miss Talmadge. The remainder of the cast, including Alec B. Francis, Glenn Hunter, Grace Griswold, Miriam Batista and Eugene Lochart, also do fine work.

Much credit, of course, is due to the efforts of Sidney Franklin, whose skillful direction is apparent throughout the screening of "Smilin' Through."

## NEW BOSTON HI GIRLS LOSE TO ASHLAND

Playing their first game of the season, the New Boston High School girls basketball five lost a 16 to 3 game to the Ashland High Girls five Thursday evening.

New Boston lost 16 goals committed in close guarding of the Ashland forwards. Ashland only made one field basket and fourteen points on free throws. Ashland lost three regulars by graduation last year, but there were several well trained substitutes who were expected to fill the shoes of those who left school last year.

New Boston is confident they can beat Ashland when the team plays in New Boston.

Schwamberger, center for New Boston, made a field basket and Kili shot a foul giving New Boston her three points. Kili was put out of the game for making four personal fouls.

Schwamberger shifted to forward, Fremont to center and Sizemore went in at guard.

New Boston's next game will be with Wheelersburg High on the Wheelersburg floor Friday night, December 8th.

## WILL FIX WESTERN CONFERENCE DATES

CHICAGO, Dec. 1.—By The Associated Press.—Schedule makers of the western conference gathered here today preliminary to the meeting tomorrow to arrange football, basketball and track schedules for the 1923 campaign in Big Ten athletics.

In addition to mapping out the schedules, the athletic directors of the Western Conference universities will hold their annual meeting to-night and later will hold a joint meeting with the faculty representatives of the universities to decide a number of important questions, among which will be the status of future intercollegiate football games.

Chief interest in the meetings centers in the arranging of the 1923 gridiron campaign and the future of intercollegiate games. Iowa has under consideration an invitation to play another game with Yale while Chicago, it is understood, would like to make another two-year agreement for home and home games with Princeton. Yale wants Iowa, which scored a 6 to 0 triumph over the Elis this season to make another appearance in the Yale bowl next fall.

The resolution of the Western Conference university presidents last year suggesting the abandonment of intercollegiate games, is expected to be more clearly defined as a result of the meetings today and tomorrow. It is believed the resolution was adopted primarily to prohibit intercollegiate games involving long trips, such as that of Ohio State to the Pacific Coast two years ago, and that the faculty representatives will not prohibit intercollegiate games in 1923, provided the players are not away from their university too long.

New alliances are expected to be formed in the Western Conference schedules. Wisconsin desires to arrange a game for 1923 with the undefeated Iowa eleven, dropping Illinois, while Michigan desires to resume football relations with Chicago. It is considered probable that Ohio State will not renew its home and home game with Minnesota because of the great distance between the two schools.

## Wellston Wins From Jackson

## Waverly Hi Smothers Peebles

WAVERLY, O., Dec. 1.—Waverly High ended the football season here Wednesday with a victory over Peebles High by the score of 70 to 0. As the score indicates, the Adams County lads were completely outplayed and never had a chance to score, besides making only two or three first downs in the entire game.

Waverly's forwards opened great holes in the Peebles line through which the backs tore through for long gains. Waverly also ran the ends at will. Captain Keeble in particular getting away frequently with his sparkling runs which usually ended with a touchdown. Quarterback Kery handled the team well, making few if any mistakes. Waverly's scoring was by means of 10 touchdowns, the extra point being added after each touchdown by fullback Middleton, who kicked 10 straight goals from placement. After the game was secure, a number of second stringers were sent in to gain some experience for next year. Toward the season ended after Coarley Leah had built up a point a minute machine. The game was well handled by Referee Middleton, Umpire March and Head Linesman McLaughlin.

## New Boston Hi Trounced

New Boston's light football eleven did not have much chance of winning Thursday when they clashed with the Marion high school eleven in Adair County Lawrence county. The Marion team is composed of eleven huskies the average weight being between 150 and 160 pounds while New Boston does not average over 130 pounds. The final score was 23 to 7 in favor of Marion. The first quarter ended 7 to 7. New Boston scoring on line backs with fullback Staton carrying the ball over and Captain Norris sending over a drop kick for one point. Marion then gave their attention to the visitors' line backs and thereafter stopped them. Marion hit the line hard and made big gains on end runs using six men for interference.

## Arrange Championship Game; Smokehouse To Play Strollers

Arrangements have been completed for a football game at Millbrook Sunday afternoon when the Smoke House eleven plays the Smoke Shop Strollers of New Boston for the independent championship of Scioto county.

The managers of the two teams came to terms yesterday afternoon and last night it was announced that the two teams would be sure to meet in the battle that was expected to come sooner or later due to the Strollers' claim that they can take the measure of the Smoke House eleven. Captain Ackroyd is satisfied that his team will give the Strollers a much better game than they expect and that the Smoke House gridders will be there in full strength just to show the Strollers how poor a team they have. On the other hand the Strollers are not getting scared at any reports that come from the Smoke House camp and instead of digging up new players will hold stiff practice sessions this week with the regular team, which is expected to give the Smoke House warriors a stiffer game than some of the teams they have been meeting lately. The game will be called at 2 o'clock and the admission will be 35 cents.

# P. H. S. ELEVEN HOLDS HEAVY AQUINAS HI TEAM TO SMALL SCORE; PUT UP GREAT GAME

## Visitors Scored Touchdown In Final Quarter After Being Outplayed Most Of The Way

**T**HE all advance claims the P. H. S. football eleven in their annual Thanksgiving Day battle held the heavy Aquinas eleven of Columbus, to a close score, the visitors being fortunate in putting across a lone touchdown in the last quarter with but seven minutes to play. These six points were sufficient to win but the fact that they only made one touchdown was forcibly impressed upon the Aquinas gridders for the Red and Blue defenders put up a defensive game that set the visitors back many times and held on other occasions when it looked as if the visiting eleven would score easily.

After the game the Aquinas lads considered themselves lucky for they had not expected to find P. H. S. getting up such a brave struggle. The visitors came with the intention of winning by at least three touchdowns, for they had triumphed from a 19 to 0 score, and as frontiersmen of the game, they counted on an easy victory over the locals. In the first few minutes of play Aquinas marched down the field for five first downs, steadily pushing the locals back by line bucks and end smashes until the five yard line was reached, where a fumble lost them the ball. After these five first downs there were very few in the big crowd of several thousands who would not have bet that Aquinas would win easily.

The Aquinas eleven presented the appearance of a college eleven when it came to size of players and weight. One big guard in the visitors' line would have made more than two like "Mouse" Manning, end for P. H. S. With the weight and the odds against them P. H. S. went into the game with that "never-say-die" spirit, and the result was one of the best football battles ever staged on a local gridiron.

The visitor's touchdown was scored in the last quarter five minutes after play started.

A long forward pass followed by a long run that looked like it would result in a sure touchdown put the visitors in position to score. That big gain gave the visitors needed encouragement, and they fought all the harder with the result the winning touchdown. The ball was carried to within an inch or two of the goal when on the fourth down P. H. S. held and pushed back the man carrying the ball, but on that play three local line men anxious to push their weight against the heavy opposing line got offside and that misplay gave the visitors four more downs in which to make the couple of inches. The first down put it across then, but the try for one on a drop kick failed.

The big backfield men of the Aquinas team did make big gains but they did not show the ability that was expected of them. They had been reported the kind of players who were next to impossible to hold but P. H. S. showed them that their previous record did not count, for they held them and threw them for losses several times. The visitors also made several fumbles that were costly for P. H. S. recovered almost every time. Klunk, Murphy, Goldsberry and Albanese were the main ground gainers for the visitors, while Ellsesser and Pfau stepped off the yardage for the Red and Blue. Ellsesser got away for one run of about 27 yards on the old fake pass play that is seldom tried nowadays. The play fooled the visitors completely and it was a fortunate tackle that brought the local sprinter to the ground and prevented Aquinas from being scored upon. P. H. S. opened after being scored upon, but the visitors had their six points and were taking no chances on the Red and Blue getting by with long passes, so allowed the line men to take care of themselves while the backfield men devoted themselves to the breaking up of the aerial attack.

Columbus worked many of their plays from the shift formation, giving the backfield men splendid interference. Sure tackling by Ellsesser saved the locals from at least two touchdowns, for he was the only

penalized for illegal use of hands. The next play resulted in a 12-yard gain but on the next play Aquinas fumbled and P. H. S. recovered. The locals could not gain over six yards and punted, the visitors getting the ball on the half way line. Aquinas gained on an end run but was penalized again for illegal use of hands. In an attempt to cross-cross the visitors were thrown for a 10-yard loss. An inside kick fell into the hands of Moore, the kick not going the 20 yards needed by the visitors.

Barklow made three yards, Pfau and then Ellsesser stepped off for 37 yards on the old fake play. A pass to Barklow was good for four yards. Barklow bucked the line for two and Pfau lost two on an end run. Shields went in at half for Moore. A long pass from Ellsesser was intercepted by Aquinas and the receiver went to the local's 50 yard line before he was downed. Bucks gained first down. The next line buck failed as did also a pass.

**Fourth Quarter**  
Two bucks netted 10 yards and first down. A well aimed pass fell into the waiting arms of a visitor and he ran to the local's 25-yard line before he was downed. A line buck was good for 10 yards and first down. Ellsesser stopping the ball carrier. Line bucks carried the ball to within an inch or two of the local's goal line where the locals held like a stone wall for three downs. On the fourth down the locals held but were offside and that gave the visitors four trials in which to move the ball a couple of inches over the goal. Halfback Albanese was given the ball and he plunged over for the touchdown.

A drop kick for the one point went several feet to the east of the uprights. Ellsesser received for P. H. S. He was downed on his own 20-yard line. Ellsesser gained yards on an end run. On the next play the ball was fumbled, but Ellsesser recovered. A pass to Monk was incomplete. An end run did not bring a gain and Ellsesser punted. Aquinas let the ball roll and it did not stop until it was on the visitors' 35 yard line.

Aquinas could not gain and punted outside one of the visitors' recovering the ball. A fumble resulted in a 12-yard loss. The ball was covered by one of the Aquinas backs just as two of the locals reached for the oval. A pass and line bucks carried the ball to the middle of the field where it was in play when the final whistle sounded.

The tackling of the visitors was high and rough and although they got through the line many times they missed many tackles. Monk for P. H. S. was way off color on tackling. Although he got through the line many times the man with the ball would shake him on account of attempted high tackles.

The lineups:

Monk	J.E.	Peacock
Phillips	J.T.	Manning
Campbell	J.G.	Verhoff
Callahan	C.	Burns
Jones	R.G.	Stotsberry
Armstrong	R.T.	D. Vagnone
Manning	R.E.	C. Vagnone
Ellsesser	J.B.	Goldsberry
Barklow	L.H.B.	Murphy
Moore	R.H.B.	Melchior
Pfau	F.B.	Klunk

Sets.—Shields for Moore, Moritz for Armstrong, Dougherty for Campbell, McNamara for Dougherty, Albanese for Melchior, Hammaker for D. Vagnone.

Time of Quarters—12 minutes.

**And They Beat It**

No football game is complete without its humorous situations. Three P. H. S. players were down in their studies and did not get to don their uniforms yesterday. When they tried to sit near their buddies on the sidelines they were rudely chased back into the crowd.

"We're players," one of them chirped.

"Well, why aren't you in the game?" the bluecoat retorted.

Exit three ineligible players.

## LOCAL TEAM ENTERS TOURNAMENT

Encouraged by the showing the team made last year when it finished well up in the money in the Ohio State Bowling Tournament at Columbus, the Masonic Bowling League the oldest organization of its kind in the city, has entered a team to participate in the Tri-state tourney to be held in the same city, starting December 12 and continuing for several weeks. The entry blanks as sent to Columbus Wednesday by the efficient secretary of the league,

## "Peggy" Works Hard; Fans Like Him

Capt. Ellsesser is surely popular with the fans as is every member of the P. H. S. team. The boys tried to win every game and played to their last ounce of vitality in every game. This boy Ellsesser is the best quarterback in Southern Ohio or any other part of Ohio. He can run, pass, kick and his secondary defensive work is pretty to behold, and the lad is always imparting his pep to his players and is in almost every play. Small wonder "Peggy" received such a great ovation when his team trotted on the field yesterday.

## Here Is First All-Conference Football Selection of Season

The first All-Conference football team has appeared. It was selected by Joe Godfrey, Jr., sports editor of the Daily Ohio student paper at the University of Illinois. The choices are:

Ends, Goebel of Michigan and Knudsen of Iowa; tackles, Jendfield of Northwestern and Lewis of Chicago; guards, Bixler of Ohio State and McMillen of Illinois; center, As of Minnesota; quarterback, Locke of Iowa; halfbacks, Kipke of Michigan and Williams of Wisconsin; fullback, J. Thomas of Chicago.

Second Team—Ends, Wilson of Illinois and Hammy of Indiana; tackles, Muirhead of Michigan and Below of Wisconsin; guards, Mackin, Green of Illinois; quarter-back of Iowa and Swank of Purdue; back, Uteritz of Michigan; halfbacks, Martineau of Minnesota and Workman of Ohio State; fullback, Cappon of Michigan.

## We'll See More of Moore Next Season

In the backfield of P. H. S. there is a wee bit of a liddle buck, who weighs about 135 pounds and 6 ounces and a half. His name is plain Bill Moore and he jerks soda-water in a downtown fizz joint. Say, but this boy is some football player. On the defense he is in every play and when on the offense he is always sure of a good gain. He is proof that brain as well as brawn wins football games. Moore will be a real heart next season.

## AQUINAS HI ANXIOUS TO RETURN

Capt. Mike Boland of the Aquinas team is anxious to bring his team here again on next Thanksgiving Day. "The players as well as myself always like to play in Portsmouth."

## PFau IS JUST A PLUNGING DEMON

Is there a better high school full back in Ohio than popular Jake Pfau, Jr. "Cries of 'No'."

Aquinas Hi boys say Pfau is the best plunging fullback they have ever seen on scholastic teams. They had to stop him and should know whereof they speak. Joe, but this good-natured, light-haired youth is a whale of a player. And his spirit to win is wonderful. He has done a lot to put P. H. S. on the football map.

## HOPKINS WINS GAME FOR MIAMI

Richard "Red" Hopkins, son of B. W. Hopkins, 1541 Fifth street, covered himself with glory and brought honor to Miami's fighting eleven yesterday afternoon when in the last few minutes of play he took one of Joe Lineman's 60 yard punts and ran through the whole field for a touchdown and the points that won the game. Miami had scored three points on a drop kick earlier in the game and the touchdown gave them a 9 to 6 victory over the University of Cincinnati eleven. William Hopkins, brother of "Red" Hopkins, was in the big crowd that saw the game.

## YES, ECCLES IS A REAL SPRINTER

You have to hand it to Coach Eccles. In addition to being a real handler of promising young football players he is some sprinter. When the water boy started to race across the field yesterday Eccles showed his sprinting ability and was the first to reach the bench. Of course the fans gave him a big hand. Dr. Gilbert Micklethwait tried to edge in on the sprint stuff but drew the flag.

## FARM PRODUCT PRICES UP THIS YEAR

COLUMBUS, O., December 1.—(By the Associated Press)—The farmer is selling practically all of his products this year at increased prices over last year, in some cases, as high as 60 per cent. This is shown in the November price report of C. J. West, statistician of the state-federal crop-reporting service.

All farm products, West said, with the exception of hay and potatoes, per hundred pounds, show a boost in price. Potatoes are selling on an average in small lots from the farm at 94 cents a bushel, while a price as low as 50 cents a bushel in large lots is reported.

Timothy hay is averaging about 50 cents a ton below last year, with the price ranging upward from \$6 a ton. Corn is reported as 60 per cent higher this year than in 1921, with the average price for the state at 65 cents a bushel, compared to 40 cents last year.

## Pitt Roms On Penn State

PITTSBURGH, Pa., Dec. 1.—Sweeping the Penn State opposition, aside and launching a terrific offensive in the second half, the University of Pittsburgh football warriors triumphed at Forbes Field Thursday over the Nittany Lion, 14 to 0. The game marked the passing of a scoreless tie which existed between the Panthers and the Lions for two seasons. The 1922 team with "Tiny" Hewitt, fullback and Flanagan, left halfback, leading the assault, registered a decisive victory over Hugo Hegdick's eleven.

For two periods, the first and second, it appeared that the scoreless tie would extend through the third season. Pitt was able to gain through the State line but the Lions tightened in the shadow of the goal.

The third period saw the Panther come to life. Uncovering a whirlwind offensive, Hewitt, Anderson and Flanagan rushed the ball 50 yards on punting. The break was against Pitt, for on the fourth down a forward over the goal line grounded. But a moment later Flanagan caught a punt and ran 44 yards to the State line. Hewitt added five yards through center and then Flanagan plunged over. Williams tallied the point from placement.

In the final period, State could not hold "Colonel" who had regained Hewitt. His plunging brought the ball to the Lions 25 yard line where he took a pass and shot it to Flanagan. The latter threw it to Anderson behind the goal line. Williams added the point from placement.

Lineup: Penn State—0. Pittsburgh—14. McCoy, L. E., Sauer, Leggett, Simpson, Flanagan, Anderson, Clark, Benz, captain, C. B. Bowser, capt. Beck, R. C., Sack, McMillen, R. E., Gouley, Artlett, R. ## BASKETBALL LEAGUE REORGANIZES

The Seaton County Basketball League organized five years ago under the organization of County Superintendent E. O. McCowen, was reorganized this year at a meeting recently held at the office of the County Superintendent. All superintendents and principals of the county school district having been called in. Those present at the re-organization were: Supt. A. B. Prior and Principals N. R. Potts, R. G. Wood and L. N. Barnes.

It was agreed that a silver trophy cup would be given to the girls' team winning the most games, to be in the permanent possession of the school winning the games. To the boys' team a silver trophy cup will be given, to be held one year, but to be in permanent possession the school must win 3 years.

The girls' court is to be divided in two sections with 5 players on a side. Centers may play all over the floor. Only centers and forwards may do the shooting. Girls may guard according to modified rules. No roughness is to be permitted.

Boys will, of course, play according to boys' rules and will be expected to avoid undue roughness. It is the idea of the County Superintendent that basket ball and other athletics have their proper place in the activities of the schools, but that all such activities should be kept within proper bounds and not be permitted to interfere with good work in school. In fact one great purpose is to keep pupils in school and to encourage better work in school. If properly directed and conducted the results will be beneficial.

## West Virginia Beats W And J Tanks Have

MORGANTOWN, W. Va., Dec. 1.—(By the Associated Press)—For the first time in football history which reaches back to 1891, West Virginia University Thursday played through a season without a defeat as a result of its victory over Washington and Jefferson College, 14 to 0, here Thursday afternoon.

There was no scoring in the first two quarters. At the opening of the third period W. Va. received the kickoff and opened an irresistible attack. Simon made 19 yards and Nardacci circled right end for 29 yards. On a double pass Simon to Nardacci, the Mountaineer left half went the remaining distance for a touchdown. Eckberg kicked the goal.

With the ball on W. and J. S. 33 yard line the fourth period opened. The Presidents were forced to punt. The ball rolled to the West Virginia 31 yard line. A series of line plunges placed the ball on W. and J. S. 14 yard line. Nardacci then made a forward pass over the goal line to Simon for a touchdown. Eckberg kicked goal.

Washington and Jefferson's only opportunity to score came in the second quarter when four successive first downs gave them the ball on West Virginia's 26 yard line where Simon intercepted a forward pass.

## GREENUP DEFEATS SCIOTOVILLE

Experience played a big part in yesterday's football battle at Greenup when the Greenup high school griders won a 13 to 0 game from Sciotoville high school's eleven. Greenup has an experienced team and is well organized and drilled, while Sciotoville has its own organized team with very little real football equipment distributed among the players.

Sciotoville put up a real game considering their experience. Thursday's game was their second school game of the season, their other contest being with New Boston.

Greenup scored their touchdowns on sweeping end runs.

The Sciotoville lineup: Bush, left; Hickman, right; Scott, left; McCoy, center; Tucker, right; Waddell, right; Walters, right; Judd, left; Mays, right; Cross, left; Greene, full.

**Reserve Wins**  
CLEVELAND, O., Dec. 1.—Weston Reserve defeated Case 12 to 7 in annual football game here Thursday. Case has not won a football contest from Reserve since 1911.

**Used Iowa Shift**  
Aquinas Hi used the Iowa shift almost all the way in its game against P. H. S. yesterday. It was soon solved and did not prove very effective. The visitors uncorked some real passes, but they were poorly executed.

**CAPT. KUBALE**  
FORTSMOUTH, ARK.—Edwin Kubale was elected captain of Centre College football team, according to word received here.

## Oak Hill Covers Too-Much Territory

Oak Hill's hard fighting high school eleven took on too big a menu for Thanksgiving Day when they tackled Gallipolis high school on the Oak Hill field. The final score was 29 to 0 in favor of Gallipolis. Oak Hill was outwheeled and out-played all the way through and did not have a chance.

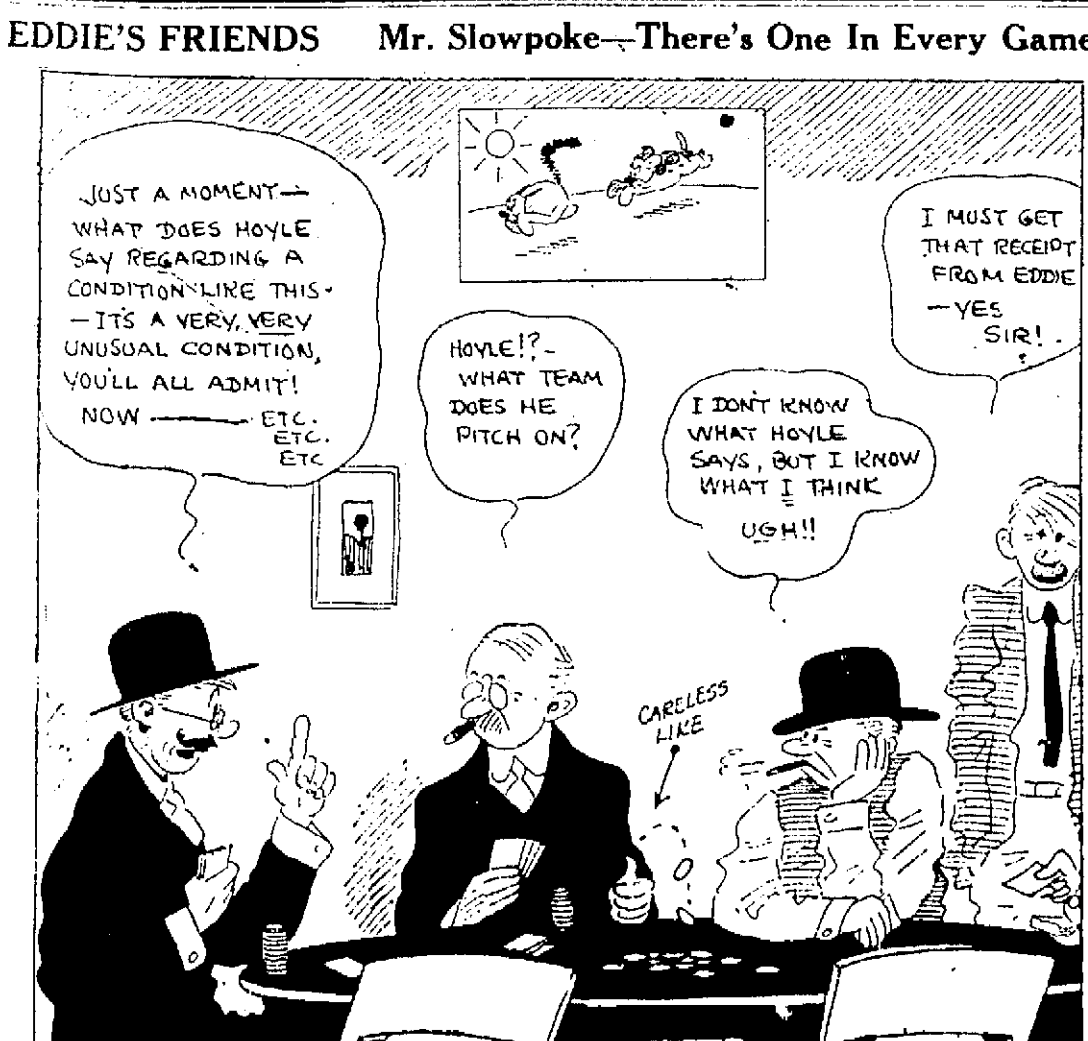

**Murphy Stars**  
That boy Murphy in the backfield of Aquinas Hi is surely a great player. It is almost impossible to stop him once he is under way. He proved himself to be a dangerous man in an open field.

**Surprise Package Slipped To Jackson**  
The Wellston high school eleven won a 13 to 0 victory over the Jackson Hi griders on the Jackson field Thursday morning. The Wellston lads played the better game and deserved to win. Oak Hill, who has been claiming the championship since they defeated Jackson, may have to play Wellston before they can rightfully claim the title. These two teams have not met this season.

**HAVE REAL SPIRIT**  
IOWA CITY, I.A., Dec. 1.—Although he has coached football teams at Syracuse, Yale and Ohio State, Howard Jones said today he had never before coached an eleven which was as responsive as the University of Iowa team, which has just come through its second Big Ten season without a defeat.

**HARVARD TO PLAY EIGHT GRID GAMES**  
CAMBRIDGE, MASS., Dec. 1.—The Harvard football schedule for next fall will be of eight games, one less than this year. Four will be contests classed as heavy.

Princeton will be played as usual, two weeks before the game with Yale. Centre will be dropped. Virginia or North Carolina may take the place of Florida, Dartmouth, in all probability, will be retained under another one-year arrangement. The latter start probably will prevent a meeting with Holy Cross.
